Using Social Media for Global Security

Ravi Gupta
Hugh Brooks

John Wiley & Sons, Inc.

Contents

Introduction	xxv
Part I Understanding the Influence of Social Media Globally	1
Chapter 1 Understanding Social Media's Impact on Global Security	3
Organizing Revolutions and Riots	4
Arab Spring	4
London Riots	8
Recruiting Terrorists and Encouraging Attacks	10
Glorifying and Promoting Gang Culture and Violence	11
Acknowledging Social Media's Impact	13
Summary	14
Chapter 2 Understanding Global Social Media Use	17
Defining Social Media	17
Grasping Social Media's Popularity and Appeal	19
Growth of Social Media	19
Philosophy Behind Social Media	20
Social Media Technologies	22
Platform Types	22
Device Types	29
Social Media Use Differences Globally	34
North America (U.S. and Canada)	35
Latin America	36
Europe	36
East Asia	37
Southeast Asia	38
South Asia	38
Middle East	38

	Africa	39
	Summary	40
Part II	Analyzing Social Media Data to Solve Security Problems	43
Chapter 3	Introduction to Social Media Analytics	45
	Defining Analysis	45
	What Is Analysis	46
	Limits of Analysis	46
	What Is Not Analysis	47
	Analysis Overview	48
	Preliminary Procedure	49
	The Analytical Processes	52
	Analysis Dos and Don'ts	58
	Analysis Methodologies	61
	Variables	62
	Methodologies in this Book	63
	Methodologies Not in this Book	68
	Summary	69
Chapter 4	Collecting and Managing Social Media Data	71
	Understanding Social Media Data	71
	Determining Collection Needs	74
	What Data Will Solve the Problem?	75
	How Much Data Is Enough?	76
	Who Has the Data?	79
	Will They Give the Data?	82
	Collecting the Data	84
	Data Framework	85
	APIs	85
	RSS Feeds	89
	Crawlers	89
	Filtering the Data	91
	Storing and Managing the Data	93
	Relational Databases	94
	Non-Relational Databases	96
	Third-Party Solutions	99
	Summary	102
Chapter 5	Mapping and Analyzing Social Networks	105
	Key Concepts and Definitions	105
	Elements of Social Networks	107
	Influence and Memes in Social Networks	110
	Algorithms in SNA	111
	Choosing SNA Software Program	113
	First Example — Identify Influencers	115
	Creating the Data Set	116
	Visually Map the Network	121
	Analyze the Network	124

Second Example — Identify Influencers	130
Create the Data Set	131
Visually Map the Network	131
Analyze the Network	132
Third Example — Determine Top Memes	134
Create the Data Set	135
Analyze the Network	136
Summary	137
Chapter 6 Understanding and Forecasting Events	141
Introduction to Analyzing Events	141
Social Media Data as Intelligence	142
Monitoring Attacks through Social Media	143
Understanding Forecasting	145
Forecasting vs. Predicting	146
Forecasting Properly	147
Conducting Language and Sentiment Analysis	149
Determining Authorship	151
Tracking and Forecasting the Behavior of Rioting	
Violent Crowds	156
Correlation and Regression Analysis	161
Creating Tools to Provide Early Warnings for Famines with	
Artificial Data	163
Volumetric Analysis	170
Creating Tools to Provide Early Warnings for Famines with	
Artificial Data	170
Summary	174
Part III Crowdsourcing Intelligence, Solutions, and Influence	177
Chapter 7 Introduction to Crowdsourcing	179
What Is Crowdsourcing?	179
Defining Crowdsourcing and Its Relevance	180
Bolstering Crowdsourcing with Social Media	182
Why Use Crowdsourcing?	184
Solve More Problems and Get More Information	184
Work Quickly	185
Work Discreetly	186
Save Money	186
Relevant Examples of Crowdsourcing	187
OpenIDEO	187
DARPA Shredder Challenge	189
GCHQ Spy Recruitment Challenge	190
M-Farm	190
Knowing When to Crowdsourcing	191
When to Crowdsourcing	191
When Not to Crowdsourcing	193
Summary	194

Chapter 8	Building and Running Crowdsourcing Platforms	197
	Overview of the Process	197
	Select Objective and Scope	199
	Refine Problem to Establish Clear Objective	199
	Decide the Scope of the Platform	199
	Analyze the Target Audience and Media Environment	200
	Determine the Target Audience	201
	Analyze the Target Audience	203
	Analyze the Media Environment	204
	Get the Information to Do the Analyses	205
	Design the Platform	206
	Determine the Platform's Look and Feel	207
	Determine the Platform's Incentive Structure	209
	Build the Platform	214
	Market the Platform	215
	Manage the Platform	218
	Measure the Platform's Performance	220
	Create and Choose Metrics	220
	Collect Data to Populate Metrics	221
	Wash, Rinse, Repeat	222
	Summary	222
Chapter 9	Crowdsourcing Intelligence	225
	Understanding the Scope of Crowdsourced Intelligence	225
	Uniqueness of Crowdsourced Intelligence	226
	Direct and Indirect Crowdsourced Intelligence	226
	Appreciating the Limits of Crowdsourcing Intelligence	228
	Uncooperative Target Audience	228
	Higher Risk for Participants	229
	Misinformation	229
	Misinterpretation	230
	Hawthorne Effect	231
	Tweaking the Process for Intelligence Collection Platforms	231
	Collect Intelligence from Hard-to-Reach Areas through SMS	233
	Define Objective and Scope	233
	Analyze the Target Audience and Media Environment	234
	Design the Platform	236
	Build the Platform	238
	Market the Platform	241
	Manage the Platform	241
	Measure the Platform's Performance	241
	Wash, Rinse, Repeat	242
	Collect Intelligence from the Community for Law Enforcement	242
	Define Objective and Scope	243
	Analyze the Target Audience and Media Environment	244
	Design the Platform	245

Build the Platform	250
Market the Platform	251
Manage the Platform	251
Measure the Platform's Performance	252
Wash, Rinse, Repeat	252
Collect Intelligence to Bolster Disaster Relief	253
Define Objective and Scope	254
Analyze the Target Audience and Media Environment	254
Design the Platform	255
Build the Platform	257
Market the Platform	260
Manage the Platform	261
Measure the Platform's Performance	262
Wash, Rinse, Repeat	263
Summary	263

Chapter 10 Crowdsourcing Solutions 265

Understanding the Scope of Crowdsourced Solutions	265
Formulating the Right Type of Problem	266
Formulating the Right Crowdsourcing Approach	269
Appreciating the Limits of Crowdsourcing Solutions	274
Unsolvable Problem	274
Incorrect Solutions	274
Adversarial Participants	274
Political Fallout	275
Tweaking the Process for Solution Platforms	275
Crowdsourcing Translations during Disaster Relief	276
Define Objective and Scope	277
Analyze Target Audience and Media Environment	278
Design the Platform	279
Build the Platform	281
Market the Platform	284
Manage the Platform	285
Measure the Platform's Performance	286
Wash, Rinse, Repeat	286
Crowdsource Tools to Identify Antagonistic	
Actors in Video Feeds	287
Define Objective and Scope	288
Analyze Target Audience and Media Environment	289
Design the Platform	290
Build the Platform	294
Market the Platform	294
Manage the Platform	295
Measure the Platform's Performance	296
Wash, Rinse, Repeat	296
Summary	297

Chapter 11	Influencing Crowds	301
	Understanding the Scope of Influencing through Crowdsourcing	301
	Delineating Influence Goals	302
	Grasping How Influence Happens	304
	Process of Influencing Others	305
	Conceptual Overview of Influence Process	306
	Real-World Implications of Influence Process	307
	Appreciating the Limits of Influencing Crowds	309
	Unrealistic Expectations	309
	Adversarial Participants	309
	Political Fallout	310
	Unknown Unknowns	310
	Tweaking the Process for Influence Platforms	310
	Influencing to Collect Intelligence on Corrupt Officials	311
	Define Objectives and Scope	312
	Analyze Target Audience and the Media Environment	312
	Define Objectives and Scope, Redux	313
	Design the Platform	315
	Build the Platform	321
	Market the Platform	321
	Moderate the Platform	322
	Measure the Platform's Performance	323
	Wash, Rinse, Repeat	323
	Summary	323
Part IV	Broadening Your Horizon	327
Chapter 12	Advanced and Emerging Analytical Methodologies	329
	Expanding the Scope of Analysis	329
	Cluster Analysis	330
	The Process of Clustering	331
	The Relevance of Clustering	333
	Geo-Spatial Network Analysis	335
	The Process of Geo-Spatial Network Analysis	336
	The Relevance of Geo-Spatial Network Analysis	337
	Agent Modeling	341
	The Relevance of Agent Modeling	342
	The Process of Agent Modeling	343
	Summary	349
Chapter 13	Delivering Services through Crowdsourcing	353
	Delivering Education	353
	Understanding How People Learn	354
	Delivering Education through Tablets and Mobile Phones (First Method)	356

Delivering Education through Mobile Phones	
Only (Second Method)	361
Side-Benefits of Delivering Education	362
Delivering Health	363
Diagnosing Health Problems	363
Collecting Health Information	366
Summary	369
Chapter 14 Protecting Privacy and Yourself	371
Considering Privacy and Free Speech	371
Reasons to Consider Privacy and Free Speech	372
Appreciating the Complexity Involved	372
Acting Legally and Ethically	373
Analyze Non-Personal Open Source Intelligence	374
Follow Rules of Social Media Data Sources	374
Do Not Involve Children	375
Identify Extra Restrictions	375
Do Not Store People's Personal Information	376
Help Your Participants Protect Themselves	376
Solicit Professional Help When Possible	377
Value Privacy and Strive for a Good Reputation	377
Imagine and Prepare for the Worst-Case Scenario	378
Be Aware of Changes in Laws and Norms	378
Protecting Your Identity and Speech	378
Set Basic Security Settings	380
Do Not Post Sensitive Information	380
Be Wary of Enabling Location Services	380
Use Technologies That Anonymize You	380
Use Social Media Platforms That Hide Your Identity	382
Identify Who Is Behind What and Why	382
Use Common Sense and Be Reasonable	382
Summary	384
Appendix Extra Information and Resources	387
Social Media Platforms	387
Software Tools	389
Index	391
