<b>Ear Training – a Musician’s Nightmare</b> .....	431
Ear training is no fun because ...	
... we have to switch from hearing to listening .....	432
... our ear needs more attention than our instrument .....	433
... our brain works much faster than our ear .....	434
... we often want to play music our ear is not yet ready for .....	435
... we’d rather “do” than “think” .....	436
... we don’t know how to do it.....	438
... it’s easier to rely on written music than to trust our ear .....	439
... it’s hard work .....	440
