

Contents

1. Introduction	1
1.1. Satisfaction	1
1.2. Satisfaction and Norms	5
1.3. Domain Satisfaction	7
1.4. General Satisfaction and Domain Satisfaction	8
1.5. Plan of this Book	9
2. The Analysis of Income Satisfaction with an Application to Family Equivalence Scales	15
2.1. Introduction	15
2.2. The Income Satisfaction Question	16
2.3. A Methodological Digression	20
2.4. The Economic Interpretation	22
2.5. Implicit Cardinalization	29
2.6. Probit-adapted OLS	30
2.7. A Cardinal Approach (CP and COLS)	32
2.8. The Income Evaluation Question (IEQ)	34
2.9. Conclusions	42
3. Domain Satisfaction	44
3.1. Introduction	44
3.2. Secondary Analysis: Methodological Considerations	47
3.2.1. Fixed or Random Individual Effects?	49
3.3. Secondary Analysis: Findings	51
3.3.1. Health Satisfaction	51
3.3.2. Job Satisfaction	55
3.3.3. Financial Satisfaction	58
3.3.4. Housing Satisfaction	61
3.3.5. Leisure Satisfaction	65
3.3.5.1. Leisure satisfaction, German data set	65
3.3.5.2. Leisure satisfaction, British data set	67
3.3.6. Environmental Satisfaction in Germany	69
3.3.7. Satisfaction with Social Life in the UK	71
3.3.8. Marriage	72
3.4. The Relation between POLS and COLS Effect Estimates	74
3.5. Conclusion	75
Appendix 3a. Variables Description for GSOEP	75
Appendix 3b. Variables Description for BHPS	76

4.	The Aggregation of Satisfaction: General Satisfaction as an Aggregate	77
4.1.	Introduction	77
4.2.	The Predictive (Orthodox) Approach	78
4.3.	The Aggregating Approach	82
4.4.	A Breakdown of Job Satisfaction	91
4.5.	Conclusion	95
5.	Political Satisfaction	96
5.1.	Introduction	96
5.2.	The Data Set	97
5.3.	Political Domain Satisfaction Explained	104
5.4.	Political Satisfaction	111
5.5.	The Relation between Political Satisfaction and General Satisfaction	112
5.6.	Conclusion	113
6.	Males, Females, and Households	114
6.1.	Introduction	114
6.2.	Model and Estimation	115
6.3.	Domain and General Satisfaction Differences between Male and Female	117
6.4.	Covariance between Satisfaction of the Two Partners in the Household	130
6.5.	Conclusion	130
7.	The impact of Past and Future on Present Satisfaction	136
7.1.	Introduction	136
7.2.	The Model and its Operationalization	139
7.3.	The Model Estimated	145
7.4.	Applications	151
7.5.	Conclusion	156
8.	The Influence of the Reference Group on our Norms	158
8.1.	Introduction	158
8.2.	Straightforward Approaches	158
8.3.	Social Filter Theory	163
8.4.	Social Reference Spaces	168
8.5.	Discussion	175

9.	Health and Subjective Well-being	177
9.1.	Introduction	177
9.2.	Methodology and Satisfaction Estimates	178
9.3.	Monetary Valuation of Illnesses	187
9.4.	Discussion of the Method	188
9.5.	Other Methods in the Health Economics Literature	189
9.6.	A Simple Operationalization of the QALY Concept	194
9.7.	QALY Estimates of Health Losses	199
9.8.	Discussion	201
9.9.	Conclusion	203
10.	The Effects of Climate on Welfare and Well-being-External Effects	205
10.1.	Introduction	205
10.2.	The Effect of Climate on Household Cost	206
10.3.	The Effect of Climate on Household Costs Measured by Income Evaluation	208
10.4.	The Effects of Climate on Household Costs and Well-being in Russia	211
10.5.	Climate Equivalence Scales Reconsidered with Income Climate-dependent	215
10.6.	Conclusion	218
11.	How to Find Compensations for Aircraft Noise Nuisance	219
11.1.	Introduction	219
11.2.	Short Survey of the Literature	222
11.3.	The Data	226
11.4.	The Model Estimated	228
11.5.	The Resulting Compensation Schedule	233
11.6.	Discussion and Conclusion	237
12.	Taxation and Well-being	239
12.1.	Introduction	239
12.2.	Income Taxation on the Basis of Utility Sacrifices	243
12.3.	Data and Operationalization	246
12.4.	The Results: Tax Rates	254
12.5.	Conclusion	259
13.	Subjective Income Inequalities	263
13.1.	Introduction	263
13.2.	Income Satisfaction Inequality	267

13.3.	Welfare Inequality Derived from the Income Equality Question and the Individual Welfare Function	274
13.4.	Conclusion	279
14.	A Generalized Approach to Subjective Inequalities	281
14.1.	Introduction	281
14.2.	Simultaneous Inequalities	282
14.3.	Discussion and Conclusion	288
15.	Poverty	291
15.1.	Introduction	291
15.2.	The Concept of a Poverty Line	293
15.3.	Poverty Line Definitions	294
15.3.1.	The Relative Approaches	294
15.3.2.	The Absolute Approaches	295
15.3.3.	Subjective Poverty Definitions	296
15.4.	Equivalence Scales	300
15.5.	Multidimensional Equivalence Scales	303
15.6.	Poverty Lines and Equivalence Scales Compared	306
15.7.	Other Poverty Definitions, with an Excursion to Russia	309
15.8.	A Generalization Attempt to a Multidimensional Poverty Concept	314
15.9.	Conclusion	316
16.	Epilogue	318
16.1.	What Did We Find?	318
16.2.	What Lies Ahead?	320
16.3.	The Relevance of the Neoclassical Equilibrium Assumption	321
16.4.	The Need to Join with Sister disciplines	321
16.5.	Conclusion	322
