

Public / private funding of higher education: a social balance

Contents

Abstract.....	1
1 Introduction.....	3
2 Research approach and methods employed.....	4
2.1 Projectaim.....	4
2.2 Differences compared to other research publications on the subject of higher education funding.....	4
2.3 Reasoning for choice of countries involved.....	5
2.4 Research design.....	5
2.4.1 Definitions.....	6
2.4.2 Macro level analysis.....	6
2.4.2.1 Macro matrix.....	7
2.4.2.2 Data specifications.....	8
2.4.3 Micro level analysis.....	9
2.4.3.1 Student prototypes.....	10
2.4.3.2 Micro matrices.....	11
2.4.3.3 Micro level: Specifications.....	13
2.5 Difficulties related to international^ comparative studies.....	15
3 Country Report of the Czech Republic.....	16
3.1 Introduction.....	17
3.2 A brief overview of the Czech tertiary education System.....	17
3.2.1 General Information.....	17
3.2.2 Financing tertiary education.....	18
3.3 The Student welfare System.....	19
3.3.1 Basic principles.....	19
3.3.2 Types of welfare support.....	20
3.3.2.1 Student benefits.....	20
3.3.2.2 Benefits to families with students.....	21
3.3.2.3 Other forms of Student support.....	21
3.4 Results from the analysis of public and private components in financing tertiary education in the Czech Republic.....	22
3.4.1 Results from a macro level analysis.....	22
3.4.2 Results from a micro level analysis.....	24
3.4.2.1 A student's disposable income and the sources of its coverage.....	27
3.4.2.2 Student's expenditure.....	30
3.5 Conclusions.....	35
Appendix.....	37
4 Country Report of England.....	42
4.1 Introduction.....	43
4.2 A brief overview of higher education in the United Kingdom.....	43
4.3 Macroeconomic analysis.....	47
4.4 Microeconomic analysis.....	52
4.5 Conclusions.....	58
References.....	60
Appendix.....	61

5	Country report of Germany.....	66
5.1	The German higher education System - basic Information.....	67
5.2	Macrolevel!.....*	67
5.3	Micro level.....	72
5.4	Conclusions.....	79
	References.....	81
6	Country report of the Netherlands.....	82
6.1	Introduction.....	83
6.2	Student financing in the Netherlands.....	83
6.2.1	The Dutch higher education System.....	83
6.2.2	Tuition fees in Dutch higher education.....	84
6.2.3	Student Support in Dutch higher education.....	85
6.2.4	Changes in the Student financing mechanism.....	86
6.3	Costs of study in higher education: a macro perspective.....	87
6.4	Students' income and expenditure: a micro perspective.....	89
6.4.1	Income and expenditure of 8 prototype students in the Netherlands.....	89
6.4.1.1	The income Situation of students from different SES groups.....	90
6.4.1.2	The expenditure Situation of students from different SES groups ..	93
	References.....	96
7	Country Report of Norway.....	97
7.1	Introduction.....	98
7.1.1	Background and country description'.....	98
7.2	Data and methods.....	99
7.3	Construction of indicators/variables.....	99
7.3.1	Family contributions.....	99
7.3.2	Socio-economic background (SES).....	100
7.4	Macroeconomic analysis.....	101
7.4.1	Comments to the macroeconomic analysis.....	103
7.5	Microeconomic analysis.....	104
7.5.1	Expected differences between the different prototype students?.....	104
7.5.2	Analyses and results.....	105
7.5.3	Comments to the microeconomic analysis.....	107
7.6	Conclusions.....	109
7.6.1	High level of public expenditures in Norway?.....	109
7.6.2	Are Norwegian students financially independent of their parents?.....	109
7.6.3	Is the Student finance System sufficient for the independent students?....	109
	References.....	111
	Appendix.....	112
8	Country Report of Spain.....	113
8.1	Introduction.....	114
8.2	The Spanish higher education System.....	114
8.2.1	Governance of the System.....	114
8.2.2	Composition of the System.....	115
8.2.3	Funding higher education.....	115
8.3	Macroeconomic analysis.....	116
8.3.1	Public expenditure.....	117
8.3.2	Private expenditure.....	119
8.3.3	Public / Private distribution analysis.....	120
8.4	Microeconomic analysis.....	122
	References.....	127

9	Overall analysis.....	128
9.1	Comparison on macro level.....	128
9.2	Comparison on micro level.....	134
9.2.1	Comparison of Student income.....	135
9.2.2	Comparison of Student expenditure.....	140
9.2.3	Comparison of public support items.....	141
9.2.4	Ratio of public subsidies in total income and expenditure.....	144
10	Conclusions.....	147
10.1	Conclusions from the macro analysis.....	147
10.2	Conclusions from the micro analysis.....	148
10.3	General conclusions.....	150
10.4	Ideas for further research.....	151
	References.....	153
	Appendix.....	154
