| | Preface | xiii |
| 1 | Perspectives on human migration: introduction BENJAMIN C. CAMPBELL AND MICHAEL H. CRAWFORD | 1 |
| | Section 1 | |
| | Theory | 9 |
| 2 | Genetic evidence concerning the origins and dispersals of modern humans MARK STONEKING | 11 |
| 3 | The biology of human migration: the ape that won't commit? JONATHON C. K. WELLS AND JAY T. STOCK | 21 |
| 4 | Evolutionary basis of human migration BENJAMIN C. CAMPBELL AND LINDSAY BARONE | 45 |
| 5 | Evolutionary consequences of human migration: genetic, historic, and archaeological perspectives in the Caribbean and Aleutian Islands MICHAEL H. CRAWFORD AND DIXIE WEST | 65 |
| 6 | Kin-structured migration and colonization ALAN G. FIX | 87 |
| 7 | The role of diet and epigenetics in migration: molecular mechanisms underlying the consequences of change M. J. MOSHER | 101 |

Section 2
Geography and migration 133

Africa

- 8 Population structure and migration in Africa: correlations between archaeological, linguistic, and genetic data 135
J. B. HIRBO, A. RANCIARO, AND S. A. TISHKOFF
- 9 Human migrations in North Africa 172
PHILIPPE LEFÈVRE-WITIER
- 10 Identity, voice, community: new African immigrants to Kansas 186
JOHN M. JANZEN
- 11 The African colonial migration into Mexico: history and biological consequences 201
RODRIGO BARQUERA AND VÍCTOR ACUÑA-ALONZO

Europe

- 12 Demic expansion or cultural diffusion: migration and Basque origins 224
KRISTIN L. YOUNG, ERIC J. DEVOR, AND MICHAEL H. CRAWFORD
- 13 Consequences of migration among the Roma: immunoglobulin markers as a tool in investigating population relationships 250
MOSES S. SCHANFIELD, RAQUEL A. LAZARIN, AND ERIC SUNDERLAND
- 14 Migration, assimilation, and admixture: genes of a Scot? 269
K. G. BEATY
- 15 Mennonite migrations: genetic and demographic consequences 299
PHILLIP E. MELTON

Asia

- 16 Human migratory history: through the looking-glass of genetic geography of *Mycobacterium tuberculosis* 317
IGOR MOKROUSOV
- 17 Peopling the Tibetan plateau: migrants, genes, and genetic adaptations 342
MARK ALDENDERFER
- 18 Migration, globalization, instability, and Chinese in Peru 373
FELIX MOOS

| | | |
|----|---|-----|
| | Oceania | |
| 19 | The great blue highway: human migration in the Pacific ELIZABETH MATISOO-SMITH | 388 |
| | Americas | |
| 20 | Migration of pre-Hispanic and contemporary human Mexican populations MARÍA DE LOURDES MUÑOZ, EDUARDO RAMOS, ALVARO DÍAZ-BADILLO, MARÍA CONCEPCIÓN MORALES- GÓMEZ, ROCÍO GÓMEZ, AND GERARDO PÉREZ-RAMIREZ | 417 |
| 21 | A review of the Tupi expansion in the Amazon LILIAN REBELLATO AND WILLIAM I. WOODS | 436 |
| 22 | Molecular consequences of migration and urbanization in Peruvian Amazonia ANNE JUSTICE, BARTHOLOMEW DEAN, AND MICHAEL H. CRAWFORD | 449 |
| 23 | Migration in Afro-Brazilian rural communities: crossing historical, demographic, and genetic data CARLOS EDUARDO GUERRA AMORIM, CAROLINA CARVALHO GONTIJO, AND SILVIENE FABIANA DE OLIVEIRA | 473 |
| | Caribbean | |
| 24 | Indentured migration, gene flow, and the formation of the Indo-Costa Rican population LORENA MADRIGAL, MONICA BATISTAPAU, LOREDANA CASTRÌ, FLORY OTÁROLA, MWENZA BLELL, ERNESTO RUIZ, RAMIRO BARRANTES, DONATA LUISELLI, AND DAVIDE PETTENER | 499 |
| 25 | Causes and consequences of migration to the Caribbean Islands and Central America: an evolutionary success story CHRISTINE PHILLIPS-KRAWCZAK | 512 |
| | Section 3 | |
| | Overview | 525 |
| 26 | Why do we migrate? A retrospective DENNIS H. O'ROURKE | 527 |
| | Index | 537 |
