# LIST OF TABLES

---

1.1	Percentage of rural population in some countries of Africa, Latin America and Asia (estimated figures for 1990)	24
1.2	Growth of rural population in India from 1951 to 1991	28
1.3	Major cities of south Karnataka	35
1.4	The growth of Bangalore	35
1.5	Basic data about the districts under study	38
1.6	Birth and death rates in Karnataka during the period 1986-88	39
1.7	Fall in the population growth rates in south India	42
2.1	Irrigated lands in Karnataka	59
4.1	Mottahalli: Birth place of wives and marriage place of daughters	105
4.2	Percentage of landless households in Mottahalli, caste-wise	113
4.3	Out-migrants from Naragalu and Mayagonahalli employed in 'hotels'	131
4.4	Age of out-migrants currently away from Naragalu and Mayagonahalli	134
4.5	Educational status of out-migrants	135
5.1	Decennial variation of population in percentage, 1901-91	169
5.2	Literacy rates	174
5.3	Sex ratio	174
5.4	Growth of population of B.V.H., 1951-91	183
5.5	Growth of population of Kurubathur, 1951-91	193
5.6	Occupation and caste composition in Kurubathur, 1990	194
5.7	Concentration of landholdings in Kurubathur, 1961-90	196
5.8	Cropping pattern in Kurubathur, 1961-90	196
5.9	Growth and decline of population in Yathahalla	204
5.10	Origins of permanent workers in nine coffee estates	210
5.11	Places of origin of seasonal workers on the estates	213
5.12	Growth of population in Agalatti	216
5.13	Rural and urban population in Sakleshpur taluk, 1951-91	227
6.1	Some salient features of survey villages: Navunda and Haladi	243
6.2	Incidence of out-migration in Navunda and Haladi	248
6.3	Mobile households in Navunda and Haladi	248
6.4	Incidence of mobility for different socio-economic groups in Navunda and Haladi	249

6.5	Some indices of socio-economic levels of living for different groups of population in Navunda and Haladi	250
6.6	Some socio-economic details for the lower castes in Navunda and Haladi	251
6.7	Some socio-economic details for out-migrant households and other households among lower castes in Navunda and Haladi	253
6.8	Incidence of nuclear families among lower castes in Navunda and Haladi	254
6.9	Some socio-economic details for 'other castes' in Navunda and Haladi	256
6.10	Nature of destination for out-migrants in Navunda and Haladi	258
6.11	Step-migration in Navunda and Haladi	263
6.12	Literacy rates for residents and out-migrants in Navunda and Haladi	264
6.13	Occupational pattern of out-migrants from Navunda and Haladi	265
6.14	Remittances received from out-migrants	266
6.15	Some demographic features of out-migrant households in Navunda and Haladi	267
7.1	Percentage of principal and 'marginal' rural workers, and percentage of the active rural population, in terms of the total rural population of the districts of Mysore and Mandya in 1981	286
7.2	Non-agricultural employment of the active male population in percentage in four sample villages	291
7.3	Employment generated per acre of mulberry plantation	299
7.4	Female employment and sericulture in Karnataka	299
7.5	Income flow pattern in sericulture and silk industry per acre of mulberry	303
8.1	Rural demographic dynamics in the main Indian states, 1981-91	356
8.2	The share of rural migrations in India from 1971 to 1981	357

# LIST OF FIGURES AND MAPS

---

## Figures

1.1	The evolution of urban and rural population in India during the 20th century	28
2.1	Annual average rainfall from the coast to the Maidan	56
2.2	The agricultural calendar in Malnad	67
2.3	Probability of rainfall in the Maidan: A calendar of climatic risks per quartile	69
2.4	Calendar of the probabilities of overtaking PET and PET/2 at Mandya: The risks occurring in June, July and August	69
2.5	The agricultural calendar in the dry farming rural system near Nagamangala	70
2.6	The agricultural calendar in the irrigated rural system near Mandya	75
4.1	Calendar of agricultural work per month and sex-wise in Mottahalli	103
4.2	The role of matrimonial relationships in chain migrations	118
4.3	Calendar of agricultural work per month and sex-wise in Mayagonahalli and Naragalu	124
4.4	Out-migration towards Bangalore and Bombay from the villages on the road Shravana Belgola-Nagamangala	133
4.5	Urban growth and population growth of the study villages in Mandya district	151
5.1	Demographic evolution of Sakleshpur taluk, 1901-91	172
5.2	Calendar of seasonal in-migration to Sakleshpur taluk	177
5.3	Decennial change of population of the surveyed villages, 1951-81	182
5.4	The time factor and migration in B.V.H.	190
5.5	The time factor and migration at Kurubathur	199
5.6	The time factor and migration at Yathahalla	207
5.7	The time factor and migration at Agalatti	220
7.1	Processing and commercialization of silk in Karnataka	300
7.2	Working at home in a putting-out system: The case of <i>beedies</i> and <i>agarbathies</i>	314

## Maps

1.1	The urban network in south Karnataka in 1991	36
1.2	The decennial growth rates of rural population in south Karnataka, taluk-wise, from 1971 to 1991	41

1.3	The densification of rural population in south Karnataka, taluk-wise, from 1961 to 1991	43
1.4	The percentage of rural population to total population in south Karnataka, taluk-wise, from 1961 to 1991	45
1.5	Location of the study areas	46
2.1	The length of the dry season in south Karnataka	57
2.2	The expansion of irrigated command area in the Upper Kaveri Basin	73
4.1	Mottahalli: Location map	102
4.2	Marriage migration of Mottahalli: Birth place of wives and marriage place of daughters of Mottahalli inhabitants	106
4.3	Places of origin of seasonal migrants working in the cane crushing units at Mottahalli	109
4.4	Birth places of in-migrant heads of households definitively settled in Mottahalli	115
4.5	Mayagonahalli and Naragalu: Location map	122
4.6	The growth of Mayagonahalli Gate (1960-90)	126
4.7	Male out-migration in Mayagonahalli and Naragalu	129
4.8	Marriage migrations of Mayagonahalli: Birth place of wives and marriage place of daughters of Mayagonahalli inhabitants	143
4.9	Marriage migrations of Naragalu: Birth place of wives and marriage place of daughters of Naragalu inhabitants	144
4.10	Density of population, village-wise, 1981	148
4.11	Population growth, village-wise, 1961-81	149
5.1	Sakleshpur taluk in its regional context and location of the sample villages and estates	164
5.2	Village-wise densities of Sakleshpur taluk and surrounding areas in 1981	170
5.3	Village-wise population growth rates in Sakleshpur taluk and surrounding areas, 1961-81	173
5.4	In-migration to B.V.H.	189
5.5	Out-migration from B.V.H.	191
5.6	In-migration to Kurubathur	198
5.7	Out-migration from Kurubathur	201
5.8	Out-migration from Yathahalla	208
5.9	Areas of origin of permanent and seasonal workers on coffee estates	211
5.10	Mobility patterns of households of permanent workers on coffee estates: Two examples from Agalatti estate	212
5.11	In-migration to Agalatti	219
5.12	Out-migration from Agalatti	222
6.1	Dakshina Kannada	235
6.2	Navunda and Haladi: Location map	244
6.3	Importance and destination of out-migration movements starting from Navunda and Haladi	259
7.1	The field of survey: Regional background, typology and localization of the case studies	284

7.2	Non-agricultural workers to total workers in percentage at village level in 1961	287
7.3	Non-agricultural main workers to total main workers in percentage at village level in 1981	288
7.4	Sugar processing: Three scales of production, three types of migration	296
