List of Tables	15
List of Figures	17
1. Introduction.....	19
1.1 Turkish immigrants in Germany.....	19
1.2 Intergroup contact theory	20
1.3 Tandem language course: A scientifically based contribution to improve relations between Germans and Turkish immigrants?.....	20
1.4 Structure of the Study	21
2. Germany as a migration country and Turkish immigrants in Germany.....	23
2.1 History of German-Turkish labour migration	23
2.2 Turkish immigrants in Germany now	25
2.3 Negative sentiments and prejudice	27
3. Intergroup contact theory	31
3.1 Development of the contact hypothesis	31
3.2 From contact hypothesis to intergroup contact theory.....	33
3.3 Current research within intergroup contact theory.....	34
3.3.1 Affective processes as mediators of the contact-prejudice relationship.....	35
3.3.2 Categorization processes and their role in the contact-prejudice relationship	36

3.3.3	Group status issues in intergroup contact	38
3.4	Criticisms of intergroup contact theory	40
3.4.1	Intergroup contact can lead to negative outcomes.....	41
3.4.2	The effects of intergroup contact do not generalize	43
3.4.3	Achieving authentic contact is difficult	45
3.4.4	Intergroup contact may retard social change.....	46
3.5	Gaps in the literature.....	47
3.5.1	The process of prejudice reduction	47
3.5.2	Minority perceptions in intergroup contact	48
3.5.3	Longitudinal and multilevel studies on intergroup contact.....	48
3.5.4	Policy relevance	48
3.6	Addressing gaps in the literature by studying German-Turkish tandem courses.....	49
4.	Tandem language learning intervention.....	51
4.1	Tandem: Concepts and practice	51
4.2	Tandem courses: Description and content.....	53
4.3	Fit with intergroup contact theory research	54
4.3.1	Policy relevance and institutionalizable setting.....	54
4.3.2	Allport factors	55
4.3.3	Friendship potential	56
4.3.4	Repeated sessions and long-term duration	56
4.3.5	Sequential decategorization and recategorization.....	56
4.4	Hypotheses	57
5.	Methods	63
5.1	Participants.....	63
5.2	Sampling	63
5.3	Design	64

5.4	Course setting, organization and content.....	66
5.5	Questionnaire administration.....	70
5.6	Measures	71
5.6.1	Dependent variables.....	72
5.6.2	Moderator.....	76
5.6.3	Mediators.....	79
5.6.4	Secondary dependent variables	80
5.6.5	Demographic variables	81
5.6.6	Course-related measures	82
6.	Results.....	83
6.1	Efficacy of tandem course in improving intergroup relations.....	84
6.1.1	Does tandem language learning reduce prejudice?.....	84
6.1.2	Does participation in the tandem language class lead to an increase in intergroup friendships?	90
6.1.3	Does participation in the tandem language class increase intergroup contact?.....	92
6.2	Process of prejudice reduction in tandem course setting	93
6.2.1	The role of the Allport conditions	93
6.2.2	The role of emotion-related factors – anxiety, perspective-taking and empathy	98
6.2.3	The role of categorization strategies.....	102
6.3	Minority-majority differences in outcomes of the intergroup contact process.....	103
7.	Discussion.....	105
7.1	Summary	105
7.2	Theoretical implications	107
7.2.1	Efficacy of the intervention	108
7.2.2	The process of prejudice reduction	109
7.2.3	Minority–majority issues.....	112

7.3	Practical implications.....	113
7.4	Limitations and future research.....	115
7.4.1	Methodological and conceptual issues	115
7.4.2	Cross-cultural and group-related issues	119
7.4.3	The scope of study findings	122
7.4.4	Cultural knowledge about the outgroup: A more powerful mediator in the tandem context?.....	123
7.4.5	Suggested measures for the improvement of course and study results	123
7.4.6	Suggested model for follow-up studies	124
7.5	General conclusion.....	125
References.....		127
Appendix.....		139
A1	Tables.....	139
A1.1	MANOVA Tables.....	139
A1.2	MANCOVA Tables	140
A1.3	Formative Index Tables	142
A1.4	Number of outgroup friends	143
A1.5	Outgroup Contact.....	143
A1.6	Allport Moderator Analysis.....	144
A1.7	Minority-Majority Differences in Allport Factors	145
A1.8	Group Categorization Analysis	146
A2	Questionnaire Versions of Scales and Predecessor Scales.....	147
A2.1	The Subtle and Blatant Prejudice Scales by Pettigrew and Meertens (1995) – German Context Version Adapted by Neumann and Seibt (2001)	147
A2.2	German and Turkish Version Prejudice Items Applied in this Study.....	148

A2.3	Allport Factors	151
A2.4	Empathy	153
A2.5	Perspective-Taking	153
A2.6	Group Identification	154
A3	Organizational	155
A3.1	Course Schedules	155
A3.2	Common Reference Levels for Languages - Global Scale	156
A4	Course material	157
