## Figures

1.1	The role of telepresence in popular media	6
3.1	Interaction between image quality and screen size for immersion with <i>Terminator 2</i>	52
3.2	Interaction between image quality and screen size for perceptual realism with <i>Terminator 2</i>	52
3.3	Interaction between image quality and content for immersion	53
3.4	Interaction between image quality and content for perceptual realism	54
6.1	Conceptual framework for presence and persuasion	127
7.1	Possible causal relationships between Presence and entertainment experiences	143
7.2	Causal influence of either Presence (shaded area) preceding entertainment (white area) in time, or entertainment (shaded area) preceding the formation of Presence (white area)	143
8.1	Linkage points between the subfunctions governing observational learning and influential factors from telepresence research	162

## Tables

3.1	Analysis of Variance Table: Image Quality and Screen Size on Immersion for <i>Terminator 2</i>	49
3.2	Analysis of Variance Table: Image Quality and Screen Size on Perceptual Realism for <i>Terminator 2</i>	50
3.3	Analysis of Variance Table: Image Quality, Screen Size, and Content	51
