|----------|---------------------------------------------------------|-----------|
| <b>1</b> | <b>Introduction</b>                                     | <b>1</b>  |
| 1.1      | Theoretical Approaches to Exchange . . . . .            | 1         |
| 1.2      | Socially Restricted Exchange . . . . .                  | 3         |
| 1.3      | Models of Restricted Exchange . . . . .                 | 6         |
| 1.4      | Overview . . . . .                                      | 7         |
| <b>2</b> | <b>A Model of Restricted Exchange</b>                   | <b>10</b> |
| 2.1      | Assumptions . . . . .                                   | 10        |
| 2.1.1    | Basic Concepts and Postulates . . . . .                 | 10        |
| 2.1.2    | A Restricted Access Structure . . . . .                 | 13        |
| 2.1.3    | Opportunities and Preferences . . . . .                 | 14        |
| 2.2      | Exchange Theoretic Consequences . . . . .               | 18        |
| 2.2.1    | Competitive Equilibrium . . . . .                       | 18        |
| 2.2.2    | Final Allocation . . . . .                              | 22        |
| 2.2.3    | Effects of Restricted Access . . . . .                  | 24        |
| 2.3      | Summary . . . . .                                       | 27        |
| <b>3</b> | <b>Structural Implications and Extensions</b>           | <b>31</b> |
| 3.1      | Structural Consequences . . . . .                       | 32        |
| 3.1.1    | Value Dependence Structures . . . . .                   | 32        |
| 3.1.2    | Power Dependence Structures . . . . .                   | 34        |
| 3.1.3    | Centrality, Prestige, and Status . . . . .              | 39        |
| 3.2      | Extensions . . . . .                                    | 43        |
| 3.2.1    | Restricted Exchange and Social Stratification . . . . . | 43        |
| 3.2.2    | Potentially Stable Access Structures . . . . .          | 46        |
| 3.3      | Summary . . . . .                                       | 50        |

|                                                         |     |
|---------------------------------------------------------|-----|
| <b>4 Illustrations</b>                                  | 54  |
| 4.1 Unrestricted Exchange . . . . .                     | 54  |
| 4.1.1 Coleman Model . . . . .                           | 55  |
| 4.1.2 Extended Model . . . . .                          | 57  |
| 4.2 Restricted Exchange . . . . .                       | 58  |
| 4.2.1 A Weakly Partitioned Access Structure . . . . .   | 61  |
| 4.2.2 A Hierarchical Access Structure . . . . .         | 65  |
| 4.3 Summary . . . . .                                   | 69  |
| <b>5 Empirical Application</b>                          | 71  |
| 5.1 Parameter Estimation . . . . .                      | 71  |
| 5.1.1 Access Structures . . . . .                       | 71  |
| 5.1.2 Control Distributions . . . . .                   | 78  |
| 5.1.3 Values and Power . . . . .                        | 79  |
| 5.1.4 Substitutability and Interests . . . . .          | 81  |
| 5.2 The Adolescent Society . . . . .                    | 83  |
| 5.2.1 Interpretation of Sociometric Items . . . . .     | 83  |
| 5.2.2 An Exchange Theoretic Conceptualization . . . . . | 84  |
| 5.2.3 Empirical Findings . . . . .                      | 88  |
| 5.3 Summary . . . . .                                   | 100 |
| <b>Zusammenfassung</b>                                  | 102 |
| <b>Bibliography</b>                                     | 112 |
