List of Figures	ix
List of Tables	xi
Glossary	xiv
Acronyms	xvii
List of Symbols	xix
1 Introduction	1
1.1 Motivation	2
1.1.1 The Normative Angle: Quality of Democracy	3
1.1.2 Practical Relevance	4
1.1.3 Gaps in the Literature	6
1.2 My Own Contributions	8
1.2.1 Methodological Contribution	8
1.2.2 Theoretical Contribution	9
1.3 Outline of My Thesis	10
2 What We Know so Far: Current Debates and Issues in the Academic Literature	14
2.1 Explaining <i>Differences</i> in Political Participation and Involvement	17
2.1.1 Methods and Data	22
2.1.2 Findings	24
2.2 What Determines Immigrants' and Minorities' Political Behaviour and Involvement?	27
2.2.1 Socioeconomic Status	27
2.2.2 Associational Membership, Social Interaction, and Religious Communities	31
2.2.2.1 Membership in Ethnic, Cross-Ethnic and Majority Associations	31
2.2.2.2 Attending Religious Events and Political Churches	34
2.2.2.3 Social Interaction Outside of Organisations	35

2.2.3	Years since Migration & Country of Origin	36
2.2.4	Political Opportunities, Naturalisation, and Opinion Climate	37
2.2.4.1	Formal Opportunities & Naturalisation	37
2.2.4.2	Opinion Climate	39
2.2.4.3	Descriptive Representation of Ethnic Minorities	40
2.3	Summary	41
3	Theoretical Framework and Measurement	43
3.1	Defining and Measuring Political Participation and Involvement	44
3.2	Explaining Differences of Political Participation and Involvement Between Im- migrants and Natives	47
3.2.1	SES: Learning, Economic Resources, and Experiences of Discrimination	49
3.2.1.1	Learning: The Extent of Education	51
3.2.1.2	Resources and Discrimination: Economic Situation, Parents' Economic Situation, and Experiences of Discrimination . . .	55
3.2.2	Post-Migration Socialisation: Mobilising Networks and Agencies in Ger- many	59
3.2.2.1	Within-Group Social Interaction	62
3.2.2.2	Between-Group Social Interaction	64
3.2.3	Pre-Migration Socialisation: Political Culture in Country of Origin . .	67
3.2.4	Institutional Constraints: Political Rights, Age, and Naturalisation . . .	69
3.3	Summary	71
4	Data and Empirical Setup	75
4.1	The Data Set: SOEP, Waves 1984-2012	75
4.1.1	Immigrants in the SOEP	77
4.2	Variables	82
4.2.1	Political Participation and Involvement Indicators	82
4.2.1.1	Measurement Validity & Reliability: Missing Values and the Social Desirability of Answers	85
4.2.2	Main Explanatory Variables	87
4.2.2.1	Socioeconomic Status, Economic Family Background, and Time Spent in the FRG	87
4.2.2.2	Pre- and Post Migration Socialisation: Mobilising Networks and Agencies and Political Culture	89
4.2.2.3	Institutional Constraints: Naturalisation, Country of Origin, and Age	90
4.2.3	Control Variables	91
4.3	Empirical Setup	93
4.3.1	Estimation Robustness	93
4.3.1.1	OLS - Good Fit for the Dependent Variables?	94
4.3.1.2	Linearity, Heteroscedasticity, Multicollinearity, Outliers and Influential Observations	95
4.3.1.3	Normality of Residuals	96

4.3.2	Variance Decomposition	97
4.3.2.1	Threefold Decomposition	98
4.3.2.2	Twofold Decomposition	99
4.3.3	Predictive Margins after Interactions in OLS Regressions	101
4.3.4	Propensity Score Matching	103
4.3.5	Fixed Effects Panel Models	104
4.4	Summary	105
5	SES: Learning, Economic Resources, And Experiences of Discrimination	106
5.1	Explanatory Variables and Their Distribution	109
5.2	Learning, Economic Resources, and Experiences of Discrimination: Variance Decompositions and Predictive Margins	110
5.2.1	Formal Education, Exposure to the Political System, and Language Ability	112
5.2.2	Resources, Discrimination, or Habitus? Income, Occupation and Parental SES	119
5.2.2.1	Immigrants' Lower Economic Status as Explanation for Differences?	119
5.2.2.2	Discrimination - Hampering or Fostering Political Participation and Involvement?	121
5.2.2.3	Family Background as Best Predictor for Differences?	125
5.2.3	Direct and Total Effects of SES, Exposure to the Political System and Experiences of Discrimination	130
5.3	Summary	134
6	Post- and Pre-Migration Socialisation: Mobilising Networks and Agencies and Political Culture	138
6.1	Post-Migration Socialisation: Social Integration, Mobilising Networks and Agencies	139
6.1.1	Social Interaction as Explanation for Differences in Outcomes: Oaxaca-Blinder Variance Decompositions & Marginal Effects	142
6.1.1.1	Within-Group Social Interaction	145
6.1.1.2	Between-Group Social Interaction	151
6.1.2	Direct and Overall Effects of Social Interaction: How much of the Differences between Immigrants and Natives can be Explained?	155
6.1.3	Summary of Post-Migration Socialisation: Social Interaction Indicators	160
6.2	Pre-Migration Socialisation: Political Culture in the Country of Origin	161
6.2.1	Political Culture as Explanation for Lower Participation and Involvement?	165
6.2.2	Summary of Pre-Migration Socialisation: Political Culture	167
6.3	Summary	168
7	Institutional Constraints: Political Rights, Age, and Naturalisation	172
7.1	Political Rights: Distribution Among Immigrants and Natives	175
7.2	Can Differences in Political Rights Explain Differences in Political Behaviour and Involvement Beyond Voting?	179

7.2.1	Excursion: Does Naturalisation Change Political Involvement and Behaviour ‘Within’ Individuals?	184
7.2.2	Explanatory Power of Political Rights	187
7.3	Tying Up Loose Ends: Full Models	190
7.4	Summary	194
8	Conclusion and Perspectives	196
8.1	Empirical Findings	198
8.1.1	SES: Learning, Economic Resources and Experiences of Discrimination	199
8.1.2	Social Interaction: Mobilising Networks and Agencies	201
8.1.3	Political Culture and Political Rights	202
8.1.4	Full Model	204
8.2	Scientific Relevance and Recommendations for Future Research	206
	Appendix A Variable Coding	210
A.1	OECD-modified scale	210
A.2	Erikson Goldthorpe Classification Scheme	211
A.3	Three Degrees of Political Rights and the Country of Origin	211
	Appendix B Robustness Checks & Other Estimations	215
	Bibliography	230
